YOUR HOME ANYWHERE

AT KEU, WE REDEFINE LUXURY LIVING.

Inspired by the design and engineering of the most exclusive nautical world, we have created a collection of prefabricated homes that blend technical precision with sophisticated design. Our homes are uniquely adaptable to any location, whether it be by the coast, in the mountains, or within an urban environment. KEU offers more than just a place to live; it embodies a lifestyle of elegance, innovation, and exclusivity.

- Decorative structure with glass shelves and concealed extractor.

A photograph of a modern kitchen interior. In the foreground, a white countertop holds a small brown ceramic vase with orange flowers, a dark bowl on a wooden placemat, and a black induction cooktop. A white chair with a black metal frame is positioned in front of the counter. In the background, a large window with a dark frame looks out onto a dense green forest. The ceiling is white with recessed lighting.

ENVELOPE

- Flooring: Water-resistant wood-look flooring.
- Walls and Ceilings: Premium lacquered marine board finish, resembling the interior of a yacht, with concealed blinds integrated into ceiling slots.
- Windows: High-quality lacquered aluminum, 65 mm thick, with security glass featuring solar control and low emissivity
- Thermal Insulation: 4-inch (100 mm) facade insulation and 8-inch (200 mm) roof insulation to provide exceptional thermal efficiency.

ABOUT

A LUXURIOUS NAUTICAL LEGACY

At KEU, we leverage our expertise in designing and constructing high-end nautical environments to create residences that go beyond mere functionality, transforming spaces into a lifestyle. Each residence embodies our core values: innovation, excellence, and meticulous attention to detail. With finishes that evoke the elegance of nautical luxury and structures engineered to withstand extreme climates, our homes capture the essence of maritime luxury, adaptable to any location around the globe.

**keu**

DURABILITY FOR ANY WEATHER

KEU homes are specifically designed to withstand the most extreme natural challenges. Whether faced with hurricanes in the Caribbean, salty humidity by the ocean, or sub-zero temperatures in Canada, our houses feature ultra-resistant metal structures along with advanced thermal insulation systems, high-quality carpentry, and durable glass. No matter where you are, KEU guarantees your comfort and peace of mind.

SUSTAINABLE TECHNOLOGY AND INNOVATION

At KEU, we integrate advanced technology with sustainable practices to build the homes of the future. Our houses feature solar panels, solar thermal systems, and high-quality insulation materials, all designed to maximize energy efficiency and minimize environmental impact. We are committed to continuous innovation to ensure our homes are not only aesthetically pleasing but also environmentally responsible.

ITALIAN DESIGN AND STYLE

At KEU, design reflects a statement of style and sophistication.

Inspired by Italian fashion and luxury, our residences showcase high-end furniture that sets trends and remains at the forefront of design. The expansive glass windows create a seamless connection between the interiors and the surroundings, while each piece of Italian furniture adds a timeless touch of elegance.

Every detail at KEU is meticulously selected to provide an extraordinary living experience, where design seamlessly integrates into your lifestyle.

TOP-NAME EQUIPMENT

Excellence lies in the details, and at KEU, we collaborate with the finest brands available. We carefully select every component of our homes, including appliances, faucets, and electrical mechanisms, based on their superior quality and design. Our dedication to top-tier brands guarantees that every KEU home embodies both luxury and functionality.
